Pensions Made Simple: What is a pension?

00:05.000 --> 00:11.000

Thinking about how much money you'll need when you stop working in later life may be daunting.

00:11.000 --> 00:13.000

It can seem such a long way off

00:13.000 --> 00:16.000

that it's a pointless exercise.

00:16.000 --> 00:19.000

But it's important to start planning as early as you can

00:19.000 --> 00:24.000

as the sooner you start saving, the more your pension will grow!

00:24.000 --> 00:31.000

Here in Local Government, we have a great way for you to build something that suits your lifestyle.

00:31.000 --> 00:38.000

It's a Defined Benefit pension which is based on your salary and how long you've paid in.

00:38.000 --> 00:44.000

It's called the Local Government Pension Scheme, or LGPS for short.

00:44.000 --> 00:49.000

Both you and your employer pay towards the cost of your pension.

00:49.000 --> 00:54.000

And as your pension contributions are taken from your salary before tax is worked out,

00:54.000 --> 00:57.000

you will pay less tax on your earnings.

00:57.000 --> 01:00.000

It's easy to join the scheme.

01:00.000 --> 01:07.000

If your contract is for 3 months or more, you will automatically join the scheme on your first day.

01:07.000 --> 01:10.000

If your contract is for less than three months,

01:10.000 --> 01:15.000

or you have opted out you can choose to join the scheme at any time.

01:15.000 --> 01:20.000

Visit the LGPS website for further information about the Scheme

01:20.000 --> 01:24.000

LGPS. For you. For now. For the future.
